Dear Friends,

This past year our organization had so much to celebrate including growing our programming, creating new partnerships and empowering more women and girls than ever. One of the most exciting accomplishments has been developing and implementing a new program, The Dream Kit. The Dream Kit provides girls in or transitioning out of foster care with a resource bag to help them recognize and realize their ambitions. It includes a variety of items, such as a customized journal and workbook. This exciting program was also funded by an Akron Community Foundation grant.

This year was also marked by the board rewriting our organization's mission and vision statement to best represent the goals and ambitions of Limitless Ambition. Importantly, they also updated our by-laws, completed a two year communications plan and supported our fundraising efforts.

Lastly, Limitless Ambition was recognized as Charity of the Month by the 100 Who Care and was featured in several media outlets, including the Devil Strip, Weld Cleveland, Phenomenal Women Online Magazine and Around Kent Publications.

All of these accomplishments could not be done without the support of the board, volunteers and supporters. We are so thankful for all the individuals who commit their time and money to help our program touch the lives of local girls and women. We are an incredibly lucky organization, and I cannot wait to jump into 2019.

Our mission: We preserve and promote the visions of young girls and women who may have been discouraged from pursuing their long-term goals. By providing resources, training and support, we assist these women in developing limitless ambitions.

Signature Programs

Dream Kits

Limitless Ambition started the Dream Kit project to bring our empowerment tools and curriculum to girls affected by trauma. The dream kits are distributed to girls who are in or transitioning out of foster care. The kit includes a journal, workbook and other tools to encourage the girls to explore their ambitions.

Purposely Chosen

A program for teen girls, ages 13 – 18, that focuses on equipping them with the tools needed to become their best self! Teens explore various topics such as passion discovery, goal-setting, self-esteem, personal branding, career / academic goal-setting and civic engagement.

“What I enjoy about the program is that we don’t put each other down, and we help each other do better.” - Castle High School Student

Program Partnerships

With these organizations, LA delivered programs including Purposely Chosen, Purposely Chosen Women and a variety of workshops to empower women and girls.

Choose to
shine.

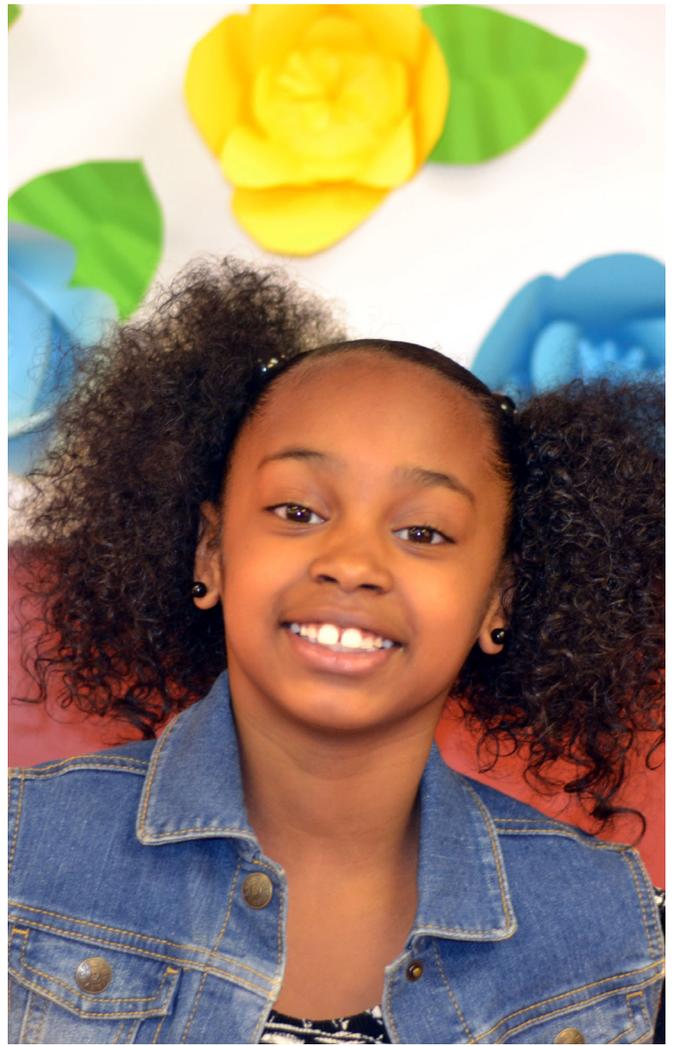

LA Events

Pearls for Little Girls

In May 2018, we held our annual **Pearls for Little Girls** brunch to celebrate and deepen relationships between mothers and their daughters. The brunch included a waffle bar, activities, a photo booth backdrop (and props!) and a panel of mothers to discuss motherhood. The panel brought laughter, tears and a refreshing discussion on the reality of being a mother.

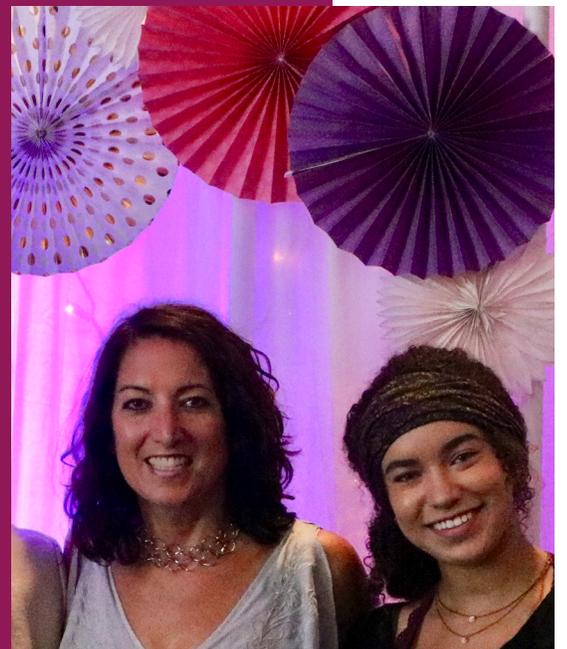

Ladies of Legacy

Our annual gala, **Ladies of Legacy**, celebrated three women in the northeast Ohio region that are overcoming barriers, achieving success and making an impact on their communities. This year we honored **Tierra Kahli, Tara Pringle-Jefferson,** and **April Couch**. The public event celebrated these woman along side over 100 community members in May of 2018. This event also serves as a key fundraising opportunity, and the revenue generated helps to support our programs.
